## **M 18Li E HD**

## Li-Ion Cordless Variable Speed Angle Grinder

Comes complete with:

Bare Unit (w/o battery packs and charger)

## **Technical Data**

| Model                           |                   | M 18Li E HD |
|---------------------------------|-------------------|-------------|
| Voltage:                        | V                 | 18          |
| Battery type:                   |                   | Li-lon      |
| No load rpm:                    | min <sup>-1</sup> | 2800-10000  |
| Spindle thread:                 |                   | M14         |
| Spindle thread length:          | mm                | 20 mm       |
| Disc diameter, max.:            | mm                | 125         |
| Disc bore:                      | mm                | 22.23 mm    |
| Max. grinding disc thickness:   | mm                | 6           |
| Weight (with / without battery) | kg                | 2.0 / 1.4   |
